Dear Mr. Clark:

Thank you for taking the time to meet with me yesterday to discuss the possibility of my joining your firm as a part-time law clerk. I enjoyed talking with you and meeting your partners and associates. I was impressed with your firm's cutting edge intellectual property work, and believe my engineering background will allow me to make an immediate contribution to the IP practice group.

I am very interested in the law clerk position and hope that you will give my candidacy serious consideration. I look forward to hearing from you.

Very truly yours,

Jordan B. Johnson
